## **ENVIRONMENTAL AND ENERGY EFFICIENCY POLICY**

The Trustees recognise our social responsibility to protect the environment and maximise energy efficiency..

It is the policy of the Trustees to install and maintain energy saving devices to reduce not only fuel bills but also the Village Hall's impact on climate change.

We will continue to seek alternative eco-friendly energy sources and promote the environment within our local community.

We aim to minimise waste and maximise recycling of waste materials, and to prevent pollution to the natural environment from our activities.

**See Audit on the website from the Home page on the Trustee link.**

Reviewed January 2023

*Halberton Village Hall Trustees have discussed and agreed the above policy.*
